Introduction to Wine with Food Matching

For

John Citizen

To attend an informative and enjoyable course suited to those who have tasted many wines but would like to unlock the secrets of how to identify quality and recognize value for money.

The course covers topics ranging from the magnificent seven, top Australian wine growing regions, how wine is made, deciphering the label and identifying quality to help you get value for money with your wine purchases.

The class includes a wine education book, a wine & food matching workshop and nineteen wines to be tasted. All wines are masked and attendees have the opportunity to test their skills with a wine options quiz.

Venue:
